# Current challenges and Future Prospects in Healthcare Management

**Prof. Ian Kirkpatrick**

Chair in Public Management  
University of York, UK.

## Current challenges and future prospects in healthcare management

The speaker will present his ongoing research (focused on the UK NHS) which explores the nature and impact of healthcare management and likely future scenarios for its development and evolution.

### Prof. Ian Kirkpatrick

Professor in Management at the School for Business and Society of the University of York. Prior to that, Ian was the Monash Warwick Professor in Healthcare Improvement at Warwick Business School. He has also held posts at the Universities of Leeds (Business) and Cardiff (Business). While at Leeds, he acted as Director of the Leeds Social Science Institute and Chair of the Academic Quality Committee of the ESRC White Rose Doctoral Training Centre. In this role he was also a founder member of the Leeds Institute for Data Analytics.

Ian is a member of the American Academy of Management and European Group for Organisation Studies. He has held visiting positions at the Universitat Pompeu Fabra (Barcelona), Monash University (Melbourne) and the Zhongnan University of Economics and Law (Wuhan, China). He has taken on various editorial roles including as a member of the Executive Editorial Team of the British Sociological Association journal: Work Employment and Society.
